

ELECTRIC INDUCTION COOKERS

IND-12

IND-24

FEATURES

- Pegasus Electric Induction Cookers are the ultimate solution for heavy-duty cooking. Featuring glass surface, 9" solid-top burners, provide even-heat distribution and quick heat-up times ideal for soups, sauces, stews, pan-frying, and sautéing.
- Built with heavy-duty stainless steel, these cookers are easy to clean and hygienic for professional kitchens. Choose from two models with 2, and 4 powerful elements (each 2 kW) to suit your needs. Each element includes a built-in thermo-protection device to prevent overheating. They operate at 208/60/3P for efficient performance and can be converted to single-phase in the field.
- The cooking surface is made of glass.
- Easy to clean and hygienic.
- Stainless-steel, heavy-duty body.
- Power: 3 kW.
- Voltage: 208 V-3P / 60 HZ.
- One-year limited parts & labor warranty (USA & Canada only).
