

Rubberized Display Wedges

DWRW2

DISPLAY WEDGE, RUBBERIZED, WHITE, 2-1/2″ H
5" L X 3" W X 2-1/2" H

Level up your display – literally – with these handy rubberized wedges! The rubberized coating allows you to prop up your crates and dishes for a display or buffet line without slipping or sliding down. Dynamic presentation has never been easier!

This 5″ L x 3″ W x 2-1/2″ H white rubberized wedge is the perfect little boost to highlight your crates or trays while keeping everything stylishly steady. The rubberized coating ensures no slipping or sliding—because a great presentation deserves to stay put. With its sleek white finish, it complements a modern aesthetic and pairs beautifully with our pedestals and risers to create a layered look that truly draws the eye.
