Enclosed Tray Carts

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

TC-30
Shown w/ Corner Bumpers
& Galley Rail

Specifications

TC Model Enclosed Cart is constructed of 18GA Type 304 stainless steel with an all welded transmitted body with 18GA double walled insulated doors. Heavy duty channel chassis is designed to absorb impact through casters and bumper frame. Doors are insulated and mounted on stainless steel hinges for 270 degrees swing back. Positive latch is mounted at each door.

Removable tray slides hold 15" x 20" or 14" x 18" trays (not furnished) from 20 to 30 total.

Carts are provided with push handles and finished brush satin and all edges are coved.

Product Guide

Fully enclosed carts are designed for heavy-duty institutional use in tray delivery systems.

Doors swing back 270 degrees and held in open position by positive latch for service and cart washing.

Ease of cleaning is further improved with removable tray slides, pitched bottom and removable doors.
